## Letter of Recommendation

To whom it may concern:

I am writing to recommend Artur Polański for the position of Service Technician. I thoroughly enjoyed my time working with Artur and came to know him as a truly valuable asset to absolutely any team. I worked together for just over 6 months when he was a Service Technician in my department at Nikon CEE GmbH in the Czech Republic. His knowledge of photography and expertise in repairs of professional cameras and lenses was a huge asset to our entire branch office. He used his skillset invaluable in order to increase customer satisfaction.

He was dedicated in his repair of complicated and professional equipment. He also spent a lot of time finding and solving every problem.

I recommend Mr. Polański without reservation — he would be a very good addition to your company. With his manual abilities, adaptability, and dedication, Artur will be of great use to any service department.

Sincerely,

A handwritten signature in blue ink, appearing to read "Spousta", is located to the right of the "Sincerely," text.
